ACCESSORIES & MOTORINGGEAR MINI DEALER BULLETIN

SUBJECT: ACCESSORIES R56

General:

Aftersales is pleased to announce the release of the product line for the MINI Cooper and Cooper S R56 models. Enclosed you will find important information about the new accessory line, an ordering guide for your HEA vehicles and a complete accessory list.

As for the R50/R53 we will again have two product lines; MINI Motoring Accessories and John Cooper Works products. There will be a clear differentiation between the two product lines. Every product which enhances the sporty character of the car or is performance related will be branded John Cooper Works. Therefore the AeroKit for the R56 will be a John Cooper Works product. We are going to communicate the two product lines with two catalogs; the MINI Motoring Accessory Catalog featuring products from both brands including MINI MotoringGear as well as a special John Cooper Works catalog. Please refer for details on the JCW product line to Bulletin M 04 01 07.

MINI Motoring Accessories:

New for 2007, the MINI Motoring Accessory line will be divided into 4 accessory segments:

- Exterior Design
- Luggage and Leisure
- Electronics and communication
- Performance (John Cooper Works)

We are keeping all of the successful products from the R50/R53 in our product line, some products of course with modifications, and we have also added a lot of new items. The highlights of the MINI Motoring Accessory product line are:

- **Driving Lights:** New clear glass style with MINI logo and slightly larger diameter, improved mounting concept, will be available in classic chrome and stylish black finish.
- **iPod Integration:** Allows total control over the iPod library via the radio controls, the joystick or the steering wheel controls. Tracks can be searched via playlist, artist, song title and genre. A major step ahead over any other offer in the automotive industry. Please make sure every customer knows about it. This will support your car sales!
- **Portable Navigation System:** The navigation screen is mounted right next to the steering column. This portable unit includes, aside from the navigation function, an MP3 player and Hands Free Phone interface with Bluetooth®. The navigation system is customized for MINI, with all MINI Dealership locations included and a MINI Cooper on the screen with roof graphic.
- **Roof Rack System:** The new roof rack has a clamp solution, no drilling in the roof required!
- **Alloy Wheels:** New 17" Multi Spoke Style. We keep the majority of the wheel stylings from the R50-R53. Even if the wheels look the same, they all carry new part numbers, as the R56 has EH2+ hump wheels. This leads to better runflat characteristics, especially improved comfort. Therefore we do not recommend using R50/R53 wheels on an R56. It is possible to use the R56 wheels on the R50/R53. Therefore we will discontinue the older part numbers within the next year and will sell only EH2+ on stylings, where it is available.
- **Roof Graphics:** We will launch two new roof graphics with the R56, Heliport and MINI.
- **Door Handles:** New for 2007: Door handles in Checkered Flag, Union Jack and Black Jack Design.
- **Checkered Board:** A new accessory for 2007, a dashboard trim in Checkered Flag design.

Presentation of the accessories:

As mentioned in the past, showing the accessories on the showroom floor is crucial for successful sales of accessory products. Therefore we recommend having at least one, better two cars accessorized on the floor for the launch of the R56. We have created the enclosed packages for the MINI Cooper and MINI Cooper S for your HEA order. These packages are available as a port installed option. For an easier process, they are only available as a complete package from the port. Please use the enclosed order form if you want to make use of this convenient option to have an accessorized car on the showroom floor.

If you prefer to have these products installed in your dealership, please use the enclosed list as an ordering guide.

Recommended Showroom Packages:

MINI Cooper (Pure Silver):

ITEM	PART NUMBER	M.S.R.P.
Sport Stripes (Bonnet, Boot) – Black	51 14 0 418 657	\$ 85.00
