

# MINI Product Planning and Strategy Dealer Bulletin

## Option Update

In order to serve you better, we have made some changes to the ordering guides.

**ZAS-16" V-Spoke Rims with all season tires** will be available on the **Cooper S Convertible** as a no cost option. This wheel and tire combination was formerly listed under option code 385.

**4AA-Anthracite Headliner** will **NOT** be offered in the **Cooper** or **Cooper S** due to cost issues beginning with September allocation. All orders made before September allocation are unaffected by this change.

MY05 Ordering Guides, Pricing Sheets and product updates are available on **MINIDealerNet.com**.  
**LET'S MOTOR.™**
