

ACCESSORIES & MOTORING GEAR MINI DEALER BULLETIN

SUBJECT: BLUE IGNITION WIRES

Aftersales is pleased to announce the release of the Blue Ignition Wires. The Blue Ignition Wires are available for all MINI Cooper and Cooper S models. The wires are made of stainless steel magnetic conductive winding. The cables have a blue silicon-over-silicon wire insulation for superior voltage and temperature protection. The spark plug and coil boots are 100% identical to the original equipment and are also made of silicone.

To ensure that there is no interference with the radio or other electronic components of the car, the cables match the resistance of the original MINI spark plug wires

Suggested installation time: 0.2 hrs

Printed on Recycled Paper

Parts Information:

ITEM	PART NUMBER	M.S.R.P.
Blue Ignition Wires	82 11 0 393 996	\$ 39.95
